

Head of Finance

INTRODUCTION

Nearfield Instruments (NFI) brings together the most creative minds in science and technology to develop a revolutionary high throughput atomic force microscopy system enabling atom-scale resolution 3D metrology at industry-level throughput, based on three pillars:

- Unrivaled measurement speed;
- Parallelization capability;
- Advanced measurement modes.

At NFI, we design, develop, integrate, market and service these advanced metrology machines, which enable our customers - the world's leading chipmakers – to increase the production yields, and thus, functionality of their microchips, which in turn leads to smaller, more powerful consumer electronics. We aim to develop leading edge metrology systems, to be installed at the customer site, within specifications, on time, with quality exceeding the customer's expectations.

WHAT WILL YOU BE DOING?

- Collaborate with and serve as the strategic finance partner of members of the Management Team and other key stakeholders on growth-oriented strategic planning, evaluating risk and strategic scenarios;
- Work with external partners and oversee accurate accounting, reporting, taxes and compliance (many of these functions are currently outsourced);
- Lead finance operations for the company;
- Scale financial infrastructure to support a high-growth company taking ownership in building a world-class finance team;
- Lead financial planning and budgeting across functional areas by building and implementing internal planning, budgeting and reporting processes;
- Develop tools, processes and avenues of communication to support transparency and empower informed and agile decisions throughout an expanding team;
- Support investor relations and corporate governance by preparing for and presenting at Board and investor meetings as well as owning other financial reporting.

WHAT DO WE REQUIRE OF YOU?

As the Head of Finance at NFI, you are an inspiring leader who is passionate about rapidly growing and scaling our company on a sound financial basis. The candidate we seek ideally has enough experience as a finance manager in a working environment which, in terms of complexity, is in line with that of NFI. Experience in the field of semiconductor equipment is a plus. Furthermore, you need to recognize yourself in the profile as described below.

- You have a measurable track-record of success in a finance leadership role in a fast-growing technology startup team.
- Experience in High tech, low volume industries is a pre;
- Aside from taking care of the day-to-day, you're focused on growth and where we'll be in 24 months;
- You use and can implement industry-standard tools to execute the plan and measure progress along the way;
- You're cross-functionally biased and you love working with people across the organization to customize team-specific processes and plans;
- Big goals don't phase you! You hold yourself accountable for committed targets and you know how to plan, manage, and execute;
- Excellent stakeholder management and relationship building skills;
- Conceptual thinker on strategic level;
- Analytical;
- Pragmatic and result driven: You like to get your hands dirty yourself to get done what needs to get done;
- Strong convincing / negotiation skills;
- Pro-active attitude, drive for improvement, self-starter;
- Good sense of humor;
- Fluent communication in English.

HAS THIS VACANCY AROUSED YOUR INTEREST?

Then please feel free to apply on this vacancy! Nearfield Instruments offers an exciting, fast-paced working environment where you will be able to shape the system and the company.
